

FOR IMMEDIATE RELEASE: August 20, 2015

Give Yourself the Gift of Confidence this Holiday Season.

Get started right now with [ReDerm MD](#) Luxury Med Spa's Pre-Holiday Promotion: \$150 OFF each CoolSculpting cycle, valid until September 30, 2015.

Denver, CO, August 20, 2015 – Take advantage of \$150 off each cycle of CoolSculpting in our luxurious treatment suite and finally get the results you've been looking for just in time for the holidays. The latest CoolSculpting technology delivers by targeting those problem areas that are resistant to diet and exercise.

Why get your procedure done now?

- Patients typically see measurable results in 8-12 weeks after treatment, eliminating approximately 25% of the fat cells in the targeted area.
- Complete your CoolSculpting treatments by the end of September and you'll be ready for those holiday parties that are right around the corner.

What is CoolSculpting?

- [CoolSculpting](#) is a non-surgical, clinically proven procedure that permanently removes fat in problem areas using a patented FDA-approved cooling technology.
- CoolSculpting is not a weight loss solution. It works by targeting stubborn fat, in the stomach, flanks, bra area and back as well as inner/outer thighs, that are resistant to diet and exercise.

Why choose ReDerm MD?

- At ReDerm MD Medical Spa you'll enjoy a private, [luxury CoolSculpting suite](#) with a spa bed, deluxe linens, a relaxing hotel ambiance and the option to "dual-sculpt" with two machines at once for the most effective results in the shortest time.
- Your complimentary signature body contouring cream is included for you to take home and enjoy during your recovery.

Our new Denver med spa was founded by one of the top regional, board-certified facial and eye surgeons in the country, [Dr. Robert G. Fante](#). Our licensed medical estheticians

have graduated from CoolSculpting University in California and are Certified CoolSculpting experts.
